New Portable Fuel Tanks and Fuel Lines 2011 and Newer Models Affected

Models Covered
Mercury/Mariner/Force

Scope

Outside the United States and Canada

Situation

With the implementation of the U.S. EPA rules concerning portable fuel systems for the calendar year 2011, standard fuel systems for areas outside of the United States and Canada need to be identified. The current part numbers will be NLA for the United States and Canada market. Mercury Marine cannot make part numbers NLA for specific regions. New numbers will be coded for sale in regions other than the United States and Canada and are listed in this bulletin.

New Non-Low Permeation Fuel System Part Numbers

To Replace 3 Gallon Tank	Order These New Products
