MERCURISER 215E SHIFT ACTUATORS

Mercury Marine is undertaking a program to offer rebuilt 215E shift actuators. (Figures 1 and 2)

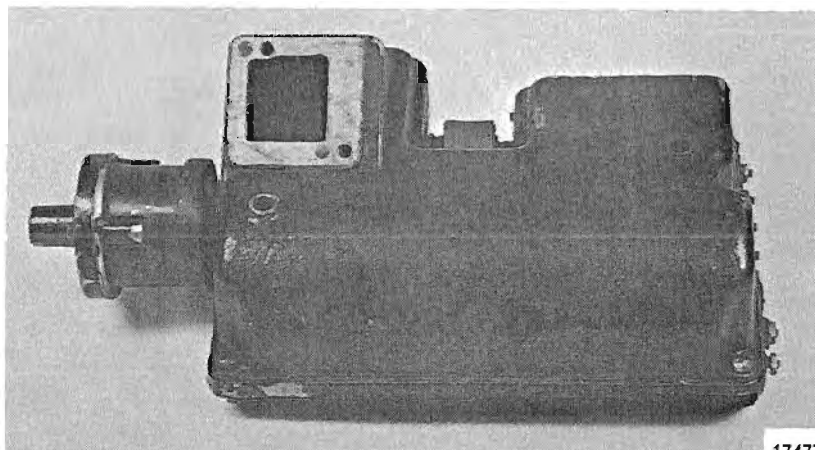

Figure 1. Old Style Actuator, 54240A4

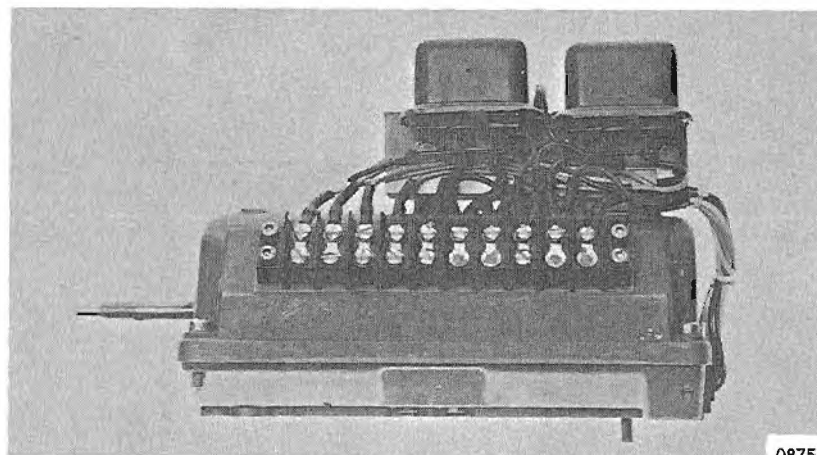

Figure 2. New Style Actuator, 54240A7

We need to obtain old units (cores) in order to get this program started. If you have any inoperative actuators which are in reasonably good condition, we would like to purchase these units from you. Payment will range from \$25.00 to \$50.00, depending upon the condition of the actuator. This will be determined after they have been returned to our facility.

Please contact the address listed below if you have an actuator to sell.
