

## QUICKSILVER PARA-LIFT 200 HYDRAULIC JACK PLATE

Mercury Hi-Performance has received numerous phone calls inquiring about using multiple Para-Lifts for multi-engine applications.

### **⚠ WARNING**

Do not use the Quicksilver Para-Lift 200 for multi-engine applications. The Para-Lift 200 is meant for single engine applications only. Failure to follow this recommendation could lead to damaged steering components, unusual or dangerous boat handling, and/or serious injury or death to passengers.
